

DOCUMENTARY EVENING

WITH MICHAELA AND SAM

ANCIENT FUTURES: LEARNING FROM LADAKH

We welcome you to watch a documentary that will transport you to the Himalayan Mountain Kingdom, Ladakh. It is a wildly beautiful desert land of few resources and an extreme climate. Yet, for more than a thousand years, it has been home to a thriving culture.

Then came development. Centuries of ecological balance and social harmony are under threat from modernization. The breakdown of Ladakh's culture and environment forces us to re-examine what we really mean by progress.

We will share the link to this film with you, so that you can watch it before our gathering. When we meet we will discuss the key themes over an Indian-inspired meal.
